Adobe Premiere Elements

Adobe® Premiere® Elements software makes it easy to create home videos like a famous director. It offers perfect combination of creative controls and reliability for home video editing. Harness the power of a Hollywood studio with special effects, multiple tracks, great keyframing, titles, credits, Dolby® Digital sound and DVD authoring at a fraction of the price...

Capture from DV & USB

Use the New Media Downloader to import video, audio and still images from virtually any device, including DV and DVD camcorders, unprotected DVDs, digital still cameras, MPEG-4 video recorders, and cell phones.

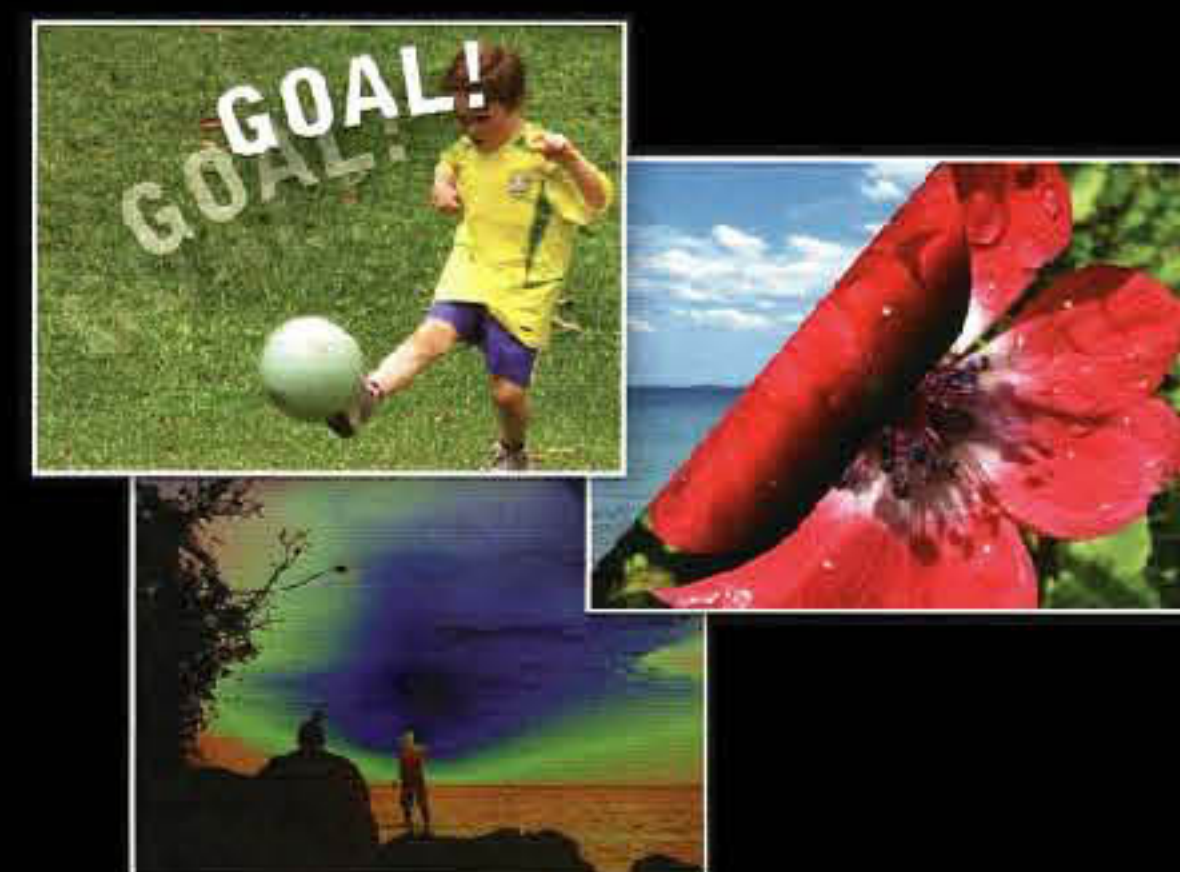

Burn DVDs and Share

Easily burn your videos to DVDs, complete with professionally designed menus and scene indexes that are automatically created and lined to your edited footage.

Enhance

Adobe Premiere Elements comes loaded with hundreds of Hollywood-style special effects, transitions, and sophisticated controls.

- ~ Give your text and graphics excitement by making them spin, fly and move any way you want.
- ~ Creatively transition from one scene to the next with dozens of dissolves, fades, and wipes.
- ~ Add your favourite music and use advanced audio editing capabilities to give your videos great sound.
- ~ Create eye-catching titles and rolling credits with more than 100 customizable templates.
